Summary of Mayor Sheehan’s Responses to Questions Posed in CFLJ’s May 11, 2020 Letter

Prior to the May 19th response date for the third CFLJ letter sent to government officials, the Mayor’s office asked the Center to consolidate the current questions and all future questions into a single questionnaire. The city’s unprecedented fiscal crisis and factors related to the Covid-19 pandemic have resulted in extraordinary demands on government officials’ schedules. The Center has accordingly modified its Question and Answer process to accommodate this request; please see CFLJ’s Third Commentary for a description of the modified process.
